

FROM THE DESK OF THE CITY MANAGER

Last night the White Settlement City Council voted to extend Mayor Ronald A. White's Second Declaration of Public Health Emergency for the City. This declaration will now be in effect until May 5, 2020. You can find the document at:

By having this declaration in place, the City remains in a position to automatically adopt all future County and State actions in regards to Coronavirus. It is also a necessary step in the process of the City and local businesses receiving funding from the recently passed federal stimulus package.

Please continue to demonstrate an abundance of caution and engage in all safety guidelines such as keeping hands washed, staying home whenever possible, staying home if feeling sick, and social distancing at all times when out of the home. Each of us has to practice individual responsibility during this time. The safety of ourselves, our loved ones, and the members of the community around us depends on it.
